Anti-Human TIM3 Therapeutic Antibody Fab Fragment (TSR-022)

Cat. No: TAB-0366CL-F(E)

PRODUCT INFORMATION

**Product Overview**
The TIM-3-specific antibody anti-TIM-3 antibody demonstrate potent and durable anti-tumor activity in syngeneic tumor models and therefore can be used for immunotherapy.

**Host**
Human

**Specificity**
Human

**Target**
TIM-3

**Immunogen**
Human TIM-3 (for panning)

**Antibody Isotype**
IgG

**Type**
Human antibody

**Clone**
TSR-022

**Related Disease**
Tumor

ANTIGEN INFORMATION

**Introduction**
T cell immunoglobulin and mucin-domain-containing molecule-3 (Tim-3) has been shown to influence autoimmune diseases; however, its function in viral infection has not been well-defined.

**Alternative Names**
T-cell immunoglobulin and mucin domain containing molecule-3; TIM3
