

# Boosting Your Research Making A Breakthrough

Jun. 2018

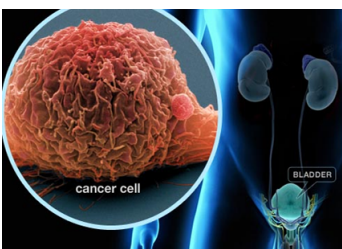

Creative Biolabs Inc.

## Breaking News

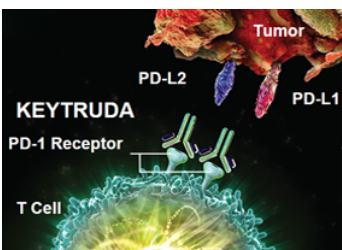

**Breakthrough Enables Screening Millions of Human Antibodies for New Drug Discovery**

Jan. 17, 2018

**Antibody Combo Expands Response to Checkpoint Inhibitor in Mice**

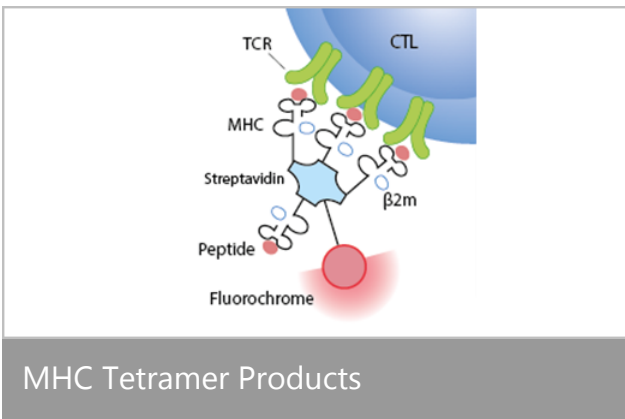

April. 16, 2018

**Development History of Keytruda (Pembrolizumab)**

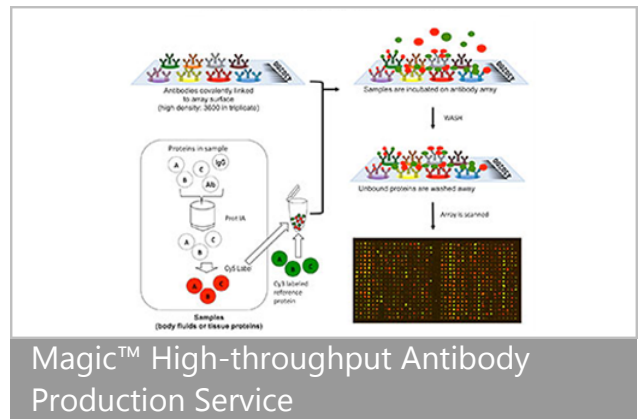

May. 24, 2018

## Recommended Services & Products

MHC Tetramer Products

Peptide-MHC tetramer collections for different research area.

Magic™ High-throughput Antibody Production Service

High-throughput antibody expression. Various host

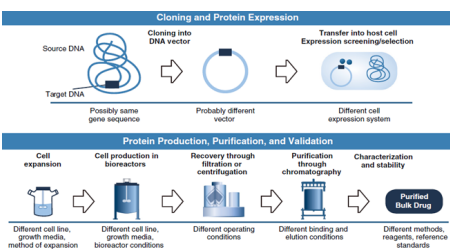

## Technical Topic - Video

### Reombinnat Antibody Expression

Creative Biolabs will introduce different antibody expression systems, including common process of recombinant antibody expression and generalized features of antibody in various expression system. **Watch**

## New Technical Document

### Biosimilars of Monoclonal Antibodies

Creative Biolabs summarizes an overview of monoclonal antibody biosimilars, such as definition, development process and future outlook of biosimilars. **Continue to read**

## Upcoming Meetings & Events in July, 2018

**Antibodies and Complement: Effector Functions, Therapies and Technologies,**

June 28 - July 1, 2018. Girona, Spain

**15<sup>th</sup> International Conference on Immunology,**

July 05 - 07, 2018. Austria

**17<sup>th</sup> Annual Medicinal & Pharmaceutical Sciences Congress,**

July 05 - 06, 2018. Bangkok, Thailand

**International Conference on Biomarkers and Cancer Targets,**

July 16 - 17, 2018. Dubai UAE
