

Boosting Your Research Making A Breakthrough

Oct. 2018
Creative Biolabs Inc.

■ Breaking News

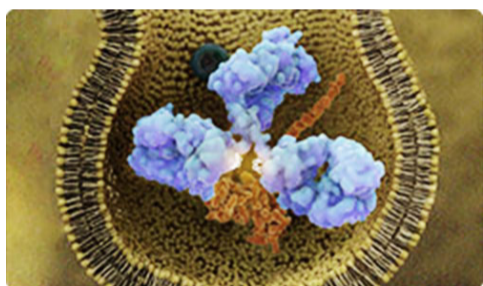

Antibody Combo Knocks Down HIV in Clinical Trials

Sep. 26, 2018

Nature Communication: New Targets for Lung Cancer Are Expected to Bring Innovative Treatments

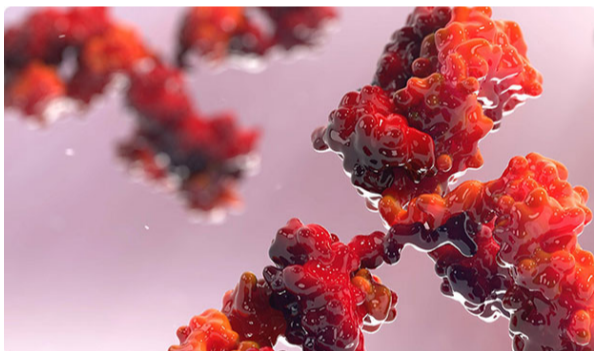

Sep. 1, 2018

First Approval for Fremanezumab-vfrm

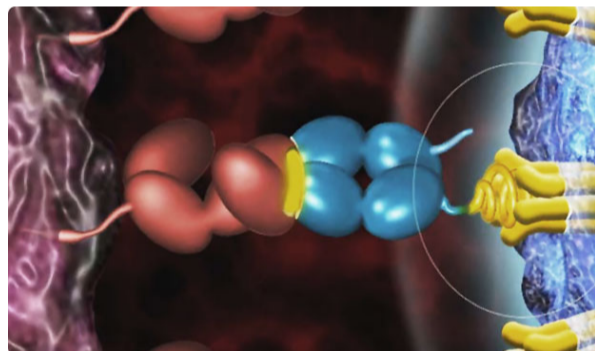

Sep. 17, 2018

■ Recommended Products & Services

Engineered Antibodies for *In Vivo* Research

High affinity & Specificity. Endotoxin free. Low or non immunogenic.

Soluble T Cell Receptors for Research

High expression & stable protein. Fast purification. High yields.

■ Technical Support – Video

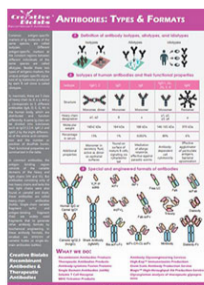

Recombinant Antibody Overview I

Creative Biolabs will give you a whole understanding to the conventional antibody, recombinant antibody and their basic information and expression.

■ Upcoming Meetings & Events in November, 2018

PEGS Europe Protein & Antibody Engineering Summit

November 12-16, 2018. Lisbon, Portugal

Immunotherapy for Infectious Diseases Conference

November 12-14, 2018. Galveston, TX, USA

4th Annual Immunogenicity & Tolerance Seminar

November 9, 2018. Leiden, Netherlands

World ADC

November 12-15, 2018. San Diego, CA, USA
